Application No. C-2667

PAGE 2

Home has no present intention to increase the basic local exchange rate in the Eustis exchange, except as previously approved by the Commission with regard to Eustis. Home will continue to provide those products and services that the Eustis customers currently obtain from Eustis.

The applicant's application ask for a waiver of compliance in regards to Neb. Rev. Stat. §86-901, et seq (1999 Supp.). This statute applies to "slamming" rules in regards to changes in customers telecommunications service. The Commission is of the opinion that a transaction such as this does not require a waiver of the slamming statutes. Therefore, the Commission may approve the same as long as customers receive appropriate notice.

Based on the evidence, we find the application to be fair and reasonable and in the public interest. The application should be granted.

O R D E R

IT IS THEREFORE ORDERED by the Nebraska Public Service Commission that Application No. C-2667 be, and it is hereby, granted.
